# Teleguard

## The ultimate telescopic platform ladder

Available in 2 models; a 4-6 rung giving a working height of up to 3.628m and a 7-9 rung with a working height of up to 4.448m. Both models benefit from the following features:

- Duty Rating 110kg/Maximum Static Load 150kg
- Excellent stabilisation derived from 4 easy to deploy adjustable stabilisers, 2 stabiliser cross bars and all are fitted to the base section and therefore always in contact with the ground
- Use in flat slab mode or on stairways
- Simple height adjustment rung by rung
- Good sized work platform - 610 x 444mm
- Double guardrail and positive locking gate on platform
- Deep and draining tool tray
- Robust aluminium chequer plate toeboard
- Deck lock clip - auto lock. Pull to release when folding ladder
- Tough wheels for easy movement around site
- Rugged rubber stabiliser overboots
- Spring loaded stowage catch
- Ladder section alignment bars at both sides
- Easy to transport
