3 Peaks walk for charity

Left to right: Sean, Anthony, Martyn, Jack and Jon.

On Saturday 22nd May Anthony Johnson and Martyn Durham completed their charity walk in aid of Marie Curie Cancer Care.

They undertook the Yorkshire Three Peaks which takes in the Pen-y-ghent, Wharfedale and Ingleborough peaks before returning to the finish at the Pen-y-ghent Cafe.

Setting off at 5.15am the plan was to complete the walk in 12 hours, but due to the heat and some sunburn as they picked one of the hottest days of the year, they completed the walk in 14½ hours.

To help them along three other members of staff completed the 26 mile walk, Jon Fish, Sean Foxhall and Jack Melbourne.

Up to now over £1000 has been donated and/or pledged.

You can still donate to this worthy cause by contacting Anthony and Martyn directly by email:

Anthony – tony@frscott.co.uk

Martyn – sales@frscott.co.uk

Electronically locates cables, gas and water pipes, electric conduits and steel joists.
Detects mains power and traces breaks in circuits and cables.
Audio and visual indicator system with battery low warning light.

Metal Gate Locks

The Gatelock is another new and unique product from Borg which combines two marine grade keypads (Back to Back), with a special lock case and an adjustable latch bolt, designed to fit metal gates of various sizes and types.

This self locking system is designed to be as adjustable as possible, being fully reversible, makes it suitable for left or right handed gates. Using the two telescopic fixing screws supplied, makes the Gatelock simple to fit to most gates.

The two keypads are preset to the same code, but can be simply and easily changed to different and separate combinations as many times as required.

Features:

- To suit gate profiles up to 60mm
- Anti-climb housing
- Easily reversible
- Simple Installation, two telescopic fixings
- Marine grade quality keypads, which are salt water tested
- 14 digit keypad
- Sprung loaded latch; adjustable between 65-80mm
- Security fixings
- 20mm bolt withdrawal
